EXPERIENCE

- ❖ **PHP Developer | VR Digital Solutions (Janak Puri, Delhi)** (Oct. '23 - May '25)
Worked as a PHP Developer, gaining hands-on experience in PHP, Laravel, JavaScript, and jQuery. This role significantly enhanced my technical proficiency and problem-solving skills, enabling me to effectively manage and deliver complex web development projects.
- ❖ **Web Developer Intern | Webscruise Technology For Innovators, Noida** (Oct '22 - Feb '23)
Worked as a Web Developer, handling both static and dynamic websites. Developed informative and e-commerce websites with a database using PHP, jQuery, JavaScript, HTML, CSS, and MySQL.

EDUCATION

- ❖ **BCA | Asian School Of Business (CCSU) , Noida** (Aug '20 – July '23)
- ❖ **XII (BSEB) | Govt. Inter college, Katihar** (2020)
- ❖ **X (BSEB) | Utkarmit Madhyamik school, Katihar** (2018)

ACADEMIC PROJECTS

- ❖ **ERP, Appraisal Management System, Online Class booking**
Developed robust ERP, Appraisal, and Online Class Booking systems with secure authentication, role-based access, real-time data handling, performance tracking, email notifications, custom invoices, and dynamic dashboards. Enabled seamless lead management, appraisal workflows, class scheduling, report generation, and centralized admin control, ensuring high efficiency, data accuracy, and enhanced user experience across all modules.
Technologies Used: PHP, MySQLi, JavaScript, AJAX, Bootstrap, HTML, CSS, and other libraries.
- ❖ **Dynamic & E-commerce Websites (meatcountry.in, sigmadisplayracks.com, sigmastorage.com, narribypayel.com, sryshayagroup.com, kmainfotech.com, elfoca.com, frankstonparkandsuites.com, shamwayinfradevelopers.com, dairysuvidha.in, mysmell.in, maona.co.in, lollopie.com, riotel.in, easyoutfits.com, shivalpfoundation.com, titanglobaltrading.com, speakfine.in, megaimpression.com, jcfunerals.com)**
These platforms feature responsive designs, optimized performance, real-time content management, product or service showcases, and seamless user interfaces. Key functionalities include dynamic data handling, custom admin panels, lead or booking forms, payment gateway integration (Razorpay, Instamojo), SEO-friendly architecture, and mobile-first design.
Built using **PHP, Laravel, MySQLi, JavaScript, AJAX, HTML5, CSS3, Bootstrap**, and other modern technologies to ensure high usability and maintainability.
- ❖ **API Projects (News website, Weather Website , coronavirus)**
Integrated APIs to deliver real-time news, weather updates, and COVID-19 data, ensuring accurate and timely information delivery.

SKILLS

- ❖ **Programming Language:** PHP, JavaScript, HTML5, CSS3
- ❖ **Libraries/Frameworks:** Bootstrap, Laravel, jQuery
- ❖ **Tools/Platforms:** Visual Studio code, GitHub, Office, Figma
- ❖ **Database:** MySQL database
